SUMMARY

I'm a passionate front-end web developer with more than 3 years of experience in developing user-friendly and accessible websites. As an intern, I've worked for Saina Business Development Company for a year, and I'm currently seeking a front-end web developer position where a strong understanding of modern technologies and workflow can be best utilized.

EXPERIENCE

Front-End Web Developer
Freelance ↗

04/2021 - Present

- I create performant websites for my customers using modern and reliable technologies.
- I actively listen to my customers to fully understand their requests and address their concerns.

Web Developer Intern
Saina business Development Co ↗

06/2021 - 07/2022

In Saina business Development Co. I:

- Integrated various UI principles for user-centered designs.
- Improved web design and usability through UX testing.
- Designed animations using Tailwind CSS and Vue.js.
- Participated in pre-project analysis and technical assessments to ensure creation of user-friendly interface.
- Managed online content using best practices in SEO to improve search rankings.

SKILLS

HTML, CSS, JavaScript, and TypeScript	Git & GitHub
CSS frameworks such as Tailwind CSS	REST and GraphQL APIs
JavaScript frameworks such as Vue.js, Nuxt.js, and Astro	Performance optimization
Testing tools such as Storybook, Vitest, Cypress, and Playwright	Accessibility and UX improvement
