SUMMARY

I'm a passionate front-end web developer with more than 4 years of experience in developing user-friendly and accessible websites. I'm seeking front-end web developer positions and projects where a strong understanding of modern technologies and workflow can be best utilized.

EXPERIENCE

Front-End Web Developer 05/2025 - Present

Epic Center ↗

I recreated the old codebase from scratch to leverage newer technology, enhance the UI/UX, and significantly improve the performance.

Front-End Web Developer 04/2021 - Present

Freelance ↗

- I create performant websites for my customers using modern and reliable technologies.
- I actively listen to my customers to fully understand their requests and address their concerns.

Front-End Web Developer 01/2025 - 04/2025

Fahoosh ↗

I remotely collaborated with an experienced full-stack developer. We utilized Vue/Nuxt to develop the website, paying close attention to details and user experience while increasing the overall performance.

Web Developer Intern 06/2021 - 07/2022

Saina business Development Company ↗

In Saina Business Development Co. I integrated various UI principles for user-centered designs, improved usability through UX testing, and managed the website's content using best practices in SEO to improve search rankings.

SKILLS

- | | |
|--|----------------------------------|
| HTML, CSS, JavaScript, and TypeScript | Git & GitHub |
| CSS frameworks such as Tailwind CSS | REST API integration |
| JavaScript frameworks such as Vue.js, Nuxt.js, and Astro | Performance optimization |
| Testing tools such as Storybook, Vitest, Cypress, and Playwright | Accessibility and UX improvement |
