SUMMARY

I'm a passionate front-end web developer with more than 3 years of experience in developing user-friendly and accessible websites. As an intern, I've worked for Saina Business Development Company for a year, and I'm currently seeking a front-end web developer job where a strong understanding of modern technologies and workflow can be best utilized.

EXPERIENCE

Front-End Web Developer   01/2021 - Present
Freelance

- I create performant websites for my customers using modern and reliable technologies.
- I actively listen to my customers to fully understand their requests and address their concerns.

Web Developer   06/2021 - 07/2022
Saina business Development Co

In Saina business Development Co. I:

- Integrated various UI principles for user-centered designs.
- Improved web design and usability through UX testing.
- Designed animations using Tailwind CSS and Vue.JS.
- Participated in pre-project analysis and technical assessments to ensure creation of user-friendly interface.
- Managed online content using best practices in SEO to improve search rankings.

SKILLS

HTML, CSS, JavaScript, and TypeScript	Performance optimization
CSS frameworks such as Tailwind CSS	Accessibility and UX improvement
